

Bradford Premier Small Animal Summer Show 2021 - Normal Fur Section

| Class No | Breed | Colour | Sex | Age | Pen No | Exhibitor | Award | cc / BOB | Comments |
|----------|--------------------|---------------------------|------|-------|--------|-----------------------------|-------|----------|---|
| 361 | Argente | Creme | Buck | u/5 | 171 | Rameybc Stud | 1 | cc / BOB | Neat type, good hindquarters, bold head, short ears of good shape and carried well, looks to be evenly silvered all over |
| 365 | Argente | Noir | Buck | u/5 | 172 | Delcombe Stud | 2 | | |
| 365 | Argente | Noir | Doe | u/5 | 173 | Delcombe Stud | 1 | cc | 1&2 Prefer the body shape of the first two. Nicely rounded broad hindquarters. Buck possibly a little more compact. Prefer muzzle colour on doe. Both look evenly silvered over whole body. |
| 365 | Argente | Noir | Doe | u/5 | 174 | Delcombe Stud | 3 | | 3 Not the type of first two and looks a bit behind in silvering |
| 372 | Chinchilla | | Doe | Adult | 175 | Aloe Rabbits | 1 | cc | Lovely side profile. Looks a balanced doe with nice length to body and ear. Very even in colour |
| 379 | Havana | | Doe | u/5 | 176 | The Fros | 1 | cc | Looks to be compact in body. Colour hard to assess from photo but looks even. Watch ears, looks open, rounded tips and carried apart. Standard asks for short, pointed, carried upright. |
| 389 | Sable | Siamese Light/Medium | Doe | u/5 | 177 | Aloe Rabbits | 1 | cc | Only young. Looks promising for shadings but patchy as yet due to moult. Body type and ear look promising |
| 393 | Sable | Siamese Dark | Doe | u/5 | 178 | The Fros | 1 | cc | Good body shape. Really good shaden to this coat and looks even in colour. Not seeing shading from photos. Little on ears |
| 395 | Sable | Marten Light/Medium | Doe | u/5 | 179 | The Fros | 1 | cc / BOB | Medium Marten with super colour and shadings. Lovely body shape in side profile. Head on does this one no favours at all. Looks long in ear and leg. Good broad head. |
| 399 | Sable | Marten Dark | Doe | u/5 | 180 | Aloe Rabbits | 1 | cc | Really does lack the required white markings and ticking for a Marten. Hind feet stuck out in both photos, worth checking these are parallel to body |
| 402 | Satin | Ivory | Buck | Adult | 181 | Judy Stuart | 1 | cc | Best type rabbit, good satinsation, would like a little more Ivory in colour. Mout on head |
| 403 | Satin | Ivory | Buck | u/5 | 182 | Frys Stud | 1 | | Difficult to assess as sitting high and short. Well satinsed, again a little white in colour |
| 404 | Satin | Ivory | Doe | Adult | 183 | Heather Heron | 1 | | Good looking brood doe. Nice and bold. Matronly |
| 405 | Satin | Ivory | Doe | u/5 | 184 | Judy Stuart | 1 | | Bold type doe. Good satinsation, lacks colour |
| 407 | Satin | Acc Self (Blue) | Buck | u/5 | 185 | Judy Stuart | 1 | cc | Nice body shape. Good colour Blue, well satinsed. Mout spoils today |
| 410 | Satin | Acc Non Self (Seal Point) | Buck | Adult | 186 | Miss Amica Stoop | 3 | | Very mouly |
| 410 | Satin | Acc Non Self (Chinchilla) | Buck | Adult | 187 | Judy Stuart | 1 | cc / BOB | Lovely satinsation, super shen to coat. Top colour very even. Good length to body, would have liked to see him just using his front end a little. |
| 410 | Satin | Acc Non Self (Castor) | Doe | Adult | 188 | Sweet Secrets Stud | 2 | | Good type and top colour. Looks open in coat. |
| 411 | Satin | Acc Non Self (Otter Blue) | Doe | u/5 | 189 | Miss Amica Stoop | 3 | | Not type of first two |
| 411 | Satin | Acc Non Self (Squirrel) | Doe | u/5 | 190 | Master Aiden McNeill | 1 | | Squirrel. Lovely top colour, shen and satinsation. Good shape doe |
| 411 | Satin | Acc Non Self (Squirrel) | Doe | u/5 | 191 | Master Aiden McNeill | 2 | | Long front legs spoils type. Looks closer to Chin in colour |
| 430 | Silver Fox | Black | Buck | Adult | 192 | Purdy & Smith | 1 | | Excels type, correct length to body and strong limbs. Broad head, ears carried well. Jet Black and bright white markings. Superb ticking. Little too much white base of ears for me |
| 431 | Silver Fox | Black | Buck | u/5 | 193 | Purdy & Smith | 1 | | Excels type, correct length to body and strong limbs. Broad head, ears carried well. Bright white markings. Superb ticking, lovely chest. Just looks a little less clear on top |
| 431 | Silver Fox | Black | Buck | u/5 | 194 | Aloe Rabbits | 2 | | I hope being able to see the other exhibits will be of benefit and give you something to aim for. Shape of body, ears and parallel hind limbs are a big positive. Too long in front leg and head. Coat looks a little short. Not jet Black and lacks white markings and ticking |
| 432 | Silver Fox | Black | Doe | Adult | 195 | Purdy & Smith | 1 | cc / BOB | Excels type, correct length to body and strong limbs. Broad head, ears in proportion. Jet Black with shen. Bright white markings. Superb ticking, lovely chest. |
| 433 | Silver Fox | Black | Doe | u/5 | 196 | Aloe Rabbits | 1 | | Similar comments apply to 2nd buck but this one looks a better colour Black. White markings are better. Chest looks ticked rather than frosted too. Much prefer to 2nd buck |
| 442 | Smoke Pearl | Marten | Doe | Adult | 197 | Aloe Rabbits | 1 | | Nice body shape. Hard from a photo but I would suggest is a little short in coat and so look finer in head and type than idea. |
| 443 | Smoke Pearl | Marten | Doe | u/5 | 198 | Judy Stuart | 3 | | Looks very fit and good body shape in side profile. Looks a little narrow in head and again wonder if coat a little short. |
| 443 | Smoke Pearl | Marten | Doe | u/5 | 199 | Limetree Stud | 1 | cc | Looks to have good body shape. Correct coat length, colour and shadings. Mouty chest |
| 443 | Smoke Pearl | Marten | Doe | u/5 | 202 | Misses Zara and Iona McKell | 2 | | Nice shape rabbit, looks fit. Another one that looks shorter in coat |
| 444 | Smoke Pearl | Siamese | Buck | Adult | 200 | Ormsbey Stud | 2 | | Looks a fit rabbit with good body shape. Much prefer colour of 1st, looks a little dark/Blue. Personally feel that we need to try and preserve the original smoke colouring and for me the winner has that. |
| 444 | Smoke Pearl | Siamese | Buck | Adult | 201 | Limetree Stud | 1 | cc / BOB | Good head and body shape. Wins correct coat length and colour. Colour blends well from ears, head and limbs into body. |
| 452 | Rare Variety Fur | Hustlander | Buck | Adult | 203 | Jane Wallace | 1 | cc / BOB | A pleasure to see. Looks to have the type of the original lines. Short bodied. Broad chest, shoulder and hindquarters. Could be little shorter in front leg. Short head with good ears. Looks firm. |
| 471 | Rare Variety Fur | Sallander | Buck | u/5 | 204 | Ormsbey Stud | 3 | | Good well rounded buck. Good colour. Just fails on ears in photo |
| 471 | Rare Variety Fur | Sallander | Doe | u/5 | 205 | Limetree Stud | 1 | | Best ear shape and carriage. Good head shape. Lovely stance, body shape and limbs. Looks muscular and firm. Good colour where through. |
| 471 | Rare Variety Fur | Sallander | Doe | u/5 | 206 | Limetree Stud | 2 | | Similar to winner. Just not quite on her toes. Ears appear longer |
| 473 | Rare Variety Fur | Thurringer | Doe | u/5 | 207 | Ormsbey Stud | 1 | cc | Only young. Looks to have good body shape. Lacks shadings at present but may well improve as moult through. |
| 482 | Rare Variety Fur | Beige | Doe | Adult | 208 | Heather Heron | 3 | | Not much between these but very matronly doe |
| 482 | Rare Variety Fur | Beige | Buck | Adult | 209 | Heather Heron | 2 | | Just sat a little short so unable to see a rise in body. Again fit and super colour |
| 482 | Rare Variety Fur | Beige | Buck | Adult | 210 | Heather Heron | 1 | cc | Wins length of body, Shame he is on his toes, as little long in leg. Good head and ear. Looks fit and lovely colour. |
| 486 | Alaska | | Buck | Adult | 211 | Cedarhill Stud | 1 | cc | Cracking type, bold head and good ear. Broad chest. Sunshine has picked up, shen on coat superbly and shows good Black colour. Along with that comes the is there moult or is it shadow. The joys of Alaskas and photos |
| 487 | Alaska | | Buck | u/5 | 212 | Cedarhouse Stud | 1 | | Good type again and will have a bold head. Colour not so good as adult. May be as simple as needing to finish moult. Difficult to tell from a photo |
| 494 | Beveren | Blue | Doe | Adult | 213 | Jane Wallace | 1 | cc | Very good head and ear. Good length body, touch chopped rump in photo. Looks to have good length to coat. More Lilac than Blue in photo |
| 496 | Beveren | White | Buck | Adult | 214 | Jane Wallace | 1 | | Good length to body. Still to mature fully in head but good shape. Wins rounded rump |
| 496 | Beveren | White | Buck | Adult | 215 | Jane Wallace | 2 | | Similar, not quite backend of winner |
| 498 | Beveren | White | Doe | Adult | 216 | Jane Wallace | 2 | | Similar to winner. Not quite body shape |
| 498 | Beveren | White | Doe | Adult | 217 | Jane Wallace | 1 | cc / BOB | Correct head shape with good ear. Excels mandolin shape with good length to body. Looks fit with a bit of length to coat |
| 509 | Californian | Normal | Buck | u/5 | 218 | Wishinstar Stud | 1 | cc / BOB | Very busy background means you lose features of rabbit. Looks to have good body shape. Still to colour up fully |
| 518 | Chinchilla Giganta | | Buck | Adult | 219 | Judy Stuart | 2 | | Little shorter and body and not guard hair of winner. Looks very fit with quality coat. |
| 518 | Chinchilla Giganta | | Buck | Adult | 220 | Judy Stuart | 1 | cc / BOB | Wins mackerel top colour. Abundance of Black guard hairs. Good body length. Good head, would like ears carried a little higher. Looks to be in good coat |
| 519 | Chinchilla Giganta | | Buck | u/5 | 221 | Judy Stuart | 1 | | Good body shape. Plenty of black guard hairs create good mackerel top. Nice youngster |
| 526 | New Zealand | White | Doe | Adult | 222 | Judy Stuart | 1 | cc / BOB | Good head shape. Nice body shape. Looks mouly at present. As always difficult to assess coat from a photo but possibly needs a bit more density. |
| 540 | Continental Giant | Steel Grey (Dark) | Doe | Adult | 223 | Midodge Rabbits | 1 | | Very good colour Steel. Doesnt appear to be the biggest boned cont. Lots of moult. |
| 541 | Continental Giant | Steel Grey (Light) | Buck | u/5 | 224 | Midodge Rabbits | 2 | | Close to first. Looks touch finer in bone. |
| 541 | Continental Giant | Steel Grey (Light) | Doe | u/5 | 225 | Midodge Rabbits | 1 | cc | Close to Agouti. Lovely ear shape. Bold head, broad chest and strong bone. Good colour. |
| 543 | Continental Giant | Agouti | Doe | u/5 | 226 | Midodge Rabbits | 1 | cc / BOB | Wins ear shape and body length. Bold head, broad chest and strong bone. Good top colour |
